KEY

1. Main gate: gatehouses, security island and entry walls (from road 1550)
2. 100 ft boulevard with palm and flowering median
3. High-street SCO shops with forecourt parking
4. Shop plaza with fountain
5. Boutique hotel
6. Commercial hub: retail and F&B
7. School
8. Healthcare centre
9. Landmark roundabout with fountain
10. University campus gate
11. University campus, 25 acres (indicative, by others)
12. Arrival green: pond, pavilion and walking loop
13. Clubhouse with pool, gym and banquet
14. Central park and lake
15. 60 ft tree-lined avenue
16. 40 ft internal roads
17. Perimeter green belt and jogging trail

Plots and shop lots are drawn at their exact sold sizes and their areas are calculated from those sizes. Zone areas are exact polygon areas, scaled to the 28.40 ha traced site (factor 1.0025). Roads are measured on a 0.5 m grid so junctions are counted once. Open space is the balance, so the area statement adds up to the net township exactly. The campus layout is indicative and by others. The boundary is traced from BhuNaksha. The south-west edge and plots 1510 and 1513 need a patwari demarcation and a DGPS survey before approval. Check against the current Rajasthan Township Policy and the land-conversion order.

GROSS SITE	DRAWING	DATE / SCALE	STATUS
28.40 ha · 70.18 acres	MP-01 · Rev V4	27 Oct 2026 · scale bar	Concept, not for construction
