MASTER PLAN · THE UNIVERSITY ESTATE

Premium gated plotted township with an integrated 25-acre university · Jot Sadruddin + Jot Dariya, Teh. Pahari, Distt. Deeg, Rajasthan · Concept master plan v2 · 24 Oct 2026

Gross site 28.40 ha / 70.2 acres
Traced from the BhuNaksha cadastral map · UTM 43N

Site statement

Gross site	**28.40 ha** (70.2 acres)
University campus (by others)	10.28 ha · 25.4 acres
Township, net of university	**18.12 ha · 44.8 acres**

Township land use (net of university)

USE	HA	SQ YD	%	TARGET
Residential plots	7.37	88,151	40.7%	50%
Roads and circulation	4.82	57,652	26.6%	25%
Parks, green and landscape	4.32	51,725	23.9%	15%
Commercial / health / club	1.60	19,164	8.8%	10%
Township total	**18.12**	**2,16,692**	**100%**	**100%**

Plot schedule

TYPE	SIZE	NOS	SQ YD
Hill-view plots (west rows)	500 sq yd · 50×90 ft	86 (38%)	43,000
Garden plots (west and central rows)	400 sq yd · 40×90 ft	68 (30%)	27,200
Courtyard plots (east rows)	250 sq yd · 30×75 ft	71 (32%)	17,750
Total	**target mix 30 / 30 / 40**	**225**	**87,950**

Legend and areas

ZONE	HA	SQ YD
University campus	10.28	1,22,968
Residential plots (net)	7.37	88,151
Roads (100/60/40 ft) + gate plaza	4.82	57,652
Central park + green spine	1.63	19,525
Woodland belt + landscape	2.69	32,199
High-street commercial + F&B plaza	0.89	10,616
Healthcare	0.50	5,986
Clubhouse	0.21	2,562

Key moves (from the precedent study)

1. **Arrival sequence:** a gateway plaza with a fountain, then a palm-lined 100 ft boulevard with high-street shops, then a landmark roundabout. Precedent: Prince Gates, Kingsville.
2. **Two addresses from one gate:** the university and the gated residential enclave branch off the same roundabout, so campus traffic never enters the homes. Precedent: DLF Garden City institutional sector, Educomp Raffles.
3. **Green spine:** a continuous 20 m greenway runs the length of the enclave, and the 500 and 400 sq yd plots back onto it. Precedent: Myscape, Springfield, Radburn.
4. **Plot gradient:** the larger 500 and 400 sq yd plots are on the west, facing the campus and the hill range. The 250 sq yd courtyard plots are on the east and suit faculty rentals.
5. **Central park, lake and clubhouse at the heart**, with park-facing plots on both sides. Precedent: Sanctuary Villas, Sattva.
6. **60 ft tree-lined main avenue** and quiet 40 ft streets with short blocks. Every plot faces east or west.
7. **Perimeter woodland belt** with a jogging and cycling trail, plus themed gardens and a fruit tree on every plot. Precedent: Godrej Orchard Estate, Tangled Up in Green.
8. **Utilities:** underground services, a sewage treatment plant and rainwater recharge pits in the greenway.

Concept stage. Plots are laid out at full size (500 sq yd = 50 × 90 ft; 400 sq yd = 40 × 90 ft; 250 sq yd = 30 × 75 ft) and counted. The 30/30/40 mix is by number of plots. Every other area is measured from the plan at 0.5 m per pixel and scaled to the 28.40 ha traced site area. The campus layout is indicative only. Before approval, verify against the current Rajasthan township rules, a DGPS survey and the land-conversion order.
